MIKE WEAVER
COMMISSIONER OF INSURANCE

September 14, 1990

Honorable Guy Hunt
Governor of Alabama
State House
Montgomery, Alabama 36130

Dear Governor Hunt:

On behalf of the Department of Insurance, it is my privilege to present to you our Annual Report for 1989.

As required by Section 27-2-9, Code of Alabama 1975, pertinent data on all insurance companies authorized to transact business under the regulatory authority of the Department of Insurance is duly documented.

The statistical data used in the financial section of this report comes directly from Annual Statements filed by the various companies, without audit or verification.

The "Summary of Operations" section outlines some of the important activities performed by this Department in 1989.

Respectfully submitted,

Mike Weaver

Mike Weaver
Commissioner

dkh

Summary of Operations

The insurance business in Alabama increased in Alabama during 1989 with Alabamian's paying $5,976,308,392 in premiums for all types of insurance, an increase of approximately 8.3%. The 1989 growth rate may be compared to 5.3% in 1988, 3.0% in 1987, 16.6% in 1986, 12.9% in 1985, 13.2% in 1984, 6.3% in 1983, and 10.3% in 1982.

Premiums collected by property and casualty companies increased by 6.4% to $2,400,620,000 from the previous year, and the direct premium and annuity consideration for all life companies decreased by 2.8% to $1,326,305,000. Accident and health premiums totaled $2,104,661,000, an increase of 12.8%. Title insurance premiums totaled $16,177,111.

In 1989, the insurance industry paid to the Department $139,420,922 in premium taxes and fees. Of this amount, $107.9 million was deposited to the General Fund, and $31.5 million to the Special Education Trust Fund.

Statistical data covering insurance premiums and losses are for calendar year 1989 and are compiled from data furnished by the Central Office of the National Association of Insurance Commissioners. Information regarding premium taxes and fees collected by the Department and Departmental disbursements is for the calendar year October 1, 1988 - September 30, 1989.

The Insurance Department consists of six operational divisions: Agents' Licensing and testing, Consumer Services, Insurance, Receivership, Legal and Financial Examination. Also a part of the Insurance Department is the State Fire Marshal's office. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Tax Force.

Alabama's insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life, accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life, accident and health insurance, except for certain Blue Cross - Blue Shield policies and Medicare supplement policies. Most property and liability rates are subject to the Department's approval. Services of consulting actuaries are obtained, when needed, to assist the staff in the evaluation of those rate filings requiring regulatory approval.

STAFF OF
ALABAMA DEPARTMENT OF INSURANCE

Subject: Annual Report for 1989

Dear Sir:

In accordance with Section 36-29-26, Code of Alabama, 1975, the 1989 annual report of the State Fire Marshal's Office is respectfully submitted.

During 1989 we were able to hire three (3) additional Deputy State Fire Marshals, have the Alabama Arson Prevention Task Force Arson Hotline relocated to this office, and experienced a major reduction in fire related deaths, particularly among the ten and under age group.

The three deputies were assigned to districts with posts in Opelika, Selma, and Fairhope. This allowed us to reduce the size of existing districts and to provide additional coverage for the Montgomery area when needed. Each of these deputies were either certified state law enforcement officers prior to their employment with the Department of Insurance, or they were able to successfully challenge the Alabama Peace Officers Standards and Training Tests.

The Arson Hotline was very active during 1989, during which time approximately one hundred (100) calls were received. One of these calls resulted in a successful surveillance operation which resulted in three arrests for arson and led to additional information where a fourth arson arrest was made. In all, some three dozen arson cases were identified and cleared based on this single phone call.

One hundred thirty nine (139) fire deaths were reported in 1989, including nine (9) which were murders. The total number of deaths represents a 23.2% decrease from the 1988 total of 181, however, the most significant reduction was in the age group of children under ten where a 72.7% decline was noted. In 1988 children in this age group accounted for 44 of the total deaths, however, in 1989 this figure declined to 12. Although other

factors may be involved, we feel that a portion of this reduction in child deaths is due to fire safety and education programs conducted by various agencies throughout the state. The total number of investigations was only three (3) less than in 1988. Two hundred-ninety-four (294) arson cases were identified in 1989, however, an additional 140 had not been classified by the end of December.

One hundred-fifty-eight (158) arrests were made for arson and other criminal offenses and one hundred and twelve (112) cases were cleared by conviction or exceptional circumstances. Forty-six (46) cases were still awaiting trial. These figures represent a 32.7% increase in arrests and a 83.6% increase in convictions over 1988. The primary reason for the dramatic increase in results is due to the increased personnel, the additional equipment, and the improved approach we have been able to take in arson investigation.

General inspections for 1989 increased to 573 from 563 in 1988 and fireworks inspections increased from 606 to 996. One-hundred-and-three (103) fire sprinkler permits were issued, as were eleven-hundred-thirty-six (1,136) fireworks permits.

We were able to acquire the services of two instructors from the National Fire Protection Association who conducted a four day school on the 1988 edition of the NFPA 101 Life Safety Code. Including personnel from this office, other state agencies, and local fire/building inspection agencies from throughout the state, 100 students attended this free school. This represented a minimum savings of $70,000 to the various agencies who sent personnel.

The accelerant detection dog program required longer to establish than was originally anticipated, however the first team from this office began training in January, 1990.

Major needs which we still face include the replacement of the Assistant State Fire Marshal, the hiring of at least one additional deputy, and development of an arson and fire reporting system for fire departments throughout the state as required by existing state law. We are in need of someone who can do plans review, non-law enforcement inspectors, and an inspector to handle fire, building and safety planning and compliance for the capitol complex.

With respect to the non-law enforcement inspectors, including the capitol complex inspector, this would improve our fire and fire related death prevention work considerably and should therefore result in reduced fire losses, injuries and deaths statewide. Additionally, by using non-law enforcement personnel we will not need the required APOST certification for these people nor the extensive amount of equipment which we must issue the deputies.

This office made major strides during 1989, primarily due to the increased funding achieved through your efforts and the support of Governor Hunt. This division, its employees, and the people of this state are indebted to you both.

During 1990 we plan to bring on board the second accelerant detection dog team, provide greater assistance during natural disasters and hazardous materials incidents, and work to reduce the number of fire/explosion investigations resulting in undetermined causes. In addition, we will be bringing on a new Clerk Typist I to assist with general office duties and report preparation.

I would like to express my personal thanks, to every division employee, for their support and dedication. The increase in arrests, convictions, and inspections is due to their efforts, and they are already working to set new levels of achievement during 1990.

Once again, thank you and Governor Hunt for providing us with the funds, personnel, and equipment needed to meet our responsibilities to the citizens of Alabama. We will continue our efforts to make Alabama a more fire safe state.

Sincerely,

John S. Robison
State Fire Marshal
